### WHAT'S BEEN HAPPENING

~~~~~

During February we have been in our local junior schools with the Mini Police package and have delivered a programme about “Digital Resilience”. Some of the youngsters took a questionnaire home about some of the Apps commonly used by youngsters and quite worrying a lot of the parents/carers didn’t know many of the Apps 😞. Do you know what Apps/sites your youngsters are using? Do you know the age related guidelines for the sites they use? Please check the sites your youngsters are using and make sure you know the sort of content that may be displayed in that particular site. The digital world is an amazing tool BUT it can also be very dangerous. There are “groomers” & “hackers” out there so please use your privacy settings and be aware of other ways to protect you & your family. Know how to use the “report” button and encourage your youngsters to talk to you if they feel something is not right when they are using social media/Apps & gaming sites.
